New Jersey Window Tint Law

New Jersey Window Tint Law Enacted: 2003

We have made every effort to provide you with accurate and up to date information regarding New Jersey window tint law. Please refer to you local authority for current New Jersey window tint law enforcement policies, including rules and regulations, as the final authority on New Jersey window tint law in your area.

NEW JERSEY WINDOW TINT LAW ALLOWS THE FOLLOWING DARKNESS FOR CAR WINDOW TINTING

The darkness of tint is measured by (VLT%) Visible Light Transmission percentage. In New Jersey window tint law, this percentage refers to percentage of visible light allowed to pass through the combination of film and the factory tint of the window.

The smaller the number the darker the film

Here is what is allowed in New Jersey window tint law:

Windshield	Window tint is NOT allowed on the windshield.
Front Side Windows	Window tint is NOT allowed on the front roll-ups.
Back Side Windows	Any VLT can be applied legally on this window.
Rear Window	Any VLT can be applied legally on this window.

HOW REFLECTIVE CAN THE TINT BE ON AUTO WINDOWS ACCORDING TO NEW JERSEY WINDOW TINT LAW?

Tinting film can contain metallic elements (silver mirror look) that help to reflect incoming light and reject the glare and heat generated by visible light.

Front Side Windows	No metallic or mirrored appearance.
Back Side Windows	No metallic or mirrored appearance.

OTHER NEW JERSEY RULES AND REGULATIONS

Restricted Colors	No colors of tint are explicitly banned.
Side Mirrors	Dual side mirrors are required if back window is tinted.
Certificate Requirements	Manufacturers of film do NOT need to certify the film they sell the state.
Sticker Requirements	No sticker to identify legal tinting is required.
Medical Exemption	New Jersey window tint law allows medical exemptions for special tint. For more details about the specific terms of the exemption for window tinting, consult your state law.
