"Ride Responsibly Tool Kit" Now Available from NLA

The National Limousine Association (NLA) has just released its "Ride Responsibly Tool Kit" for members' use in educating their companies' staff, clients and prospective

customers about legal and safe ground transportation.

Available on the members' page of the NLA website, the Ride Responsibly package of materials includes social media links, logos, links to the "Passenger Bill of Rights" and "Operator Duty of Care" documents, copies of transportation network company (TNC)-related press releases and much more.

The Limousine Association of New Jersey, which itself is an association-member of the NLA, encourages National Limousine Association membership for all LANJ operator and supplier members.
