Cashless Payment Now in Force at LGA Terminal B Parking Garage

LaGuardia Airport's operations manager recently announced the following changes for the LGA Terminal B parking garage:

* E-ZPass scanners and License Plate Recognition (LPR) technology now is being used to capture billing information when a car passes the entry lane. To simplify the exiting process, payments are being made through E-ZPass. Vehicles without E-ZPass are being direct billed to the registered owner of the vehicle.

* Authorized parkers (permit holders) no longer can use their proximity cards to enter or exit. License plate recognition now validates the vehicle's parking authorization. (Important: If a permit holder's license plate is not registered under the permit authorization, the vehicle is being charged the applicable parking rate.)

* No cash or credit cards are being accepted in the garage for payment.

* Cash no longer is being accepted to pay for parking using the "Pay on Foot" machines. Those units now are closed.

* The free time limit in the garage is one hour. Thereafter, the charge is \$5 for each half-hour with a daily maximum charge of \$39.

* In addition to the payment changes, changes also have been implemented for pick-up areas. New drive lanes have been added and Pick-Up Area K has been eliminated. Pick-Up Areas F, G, H and J continue to be available.

* Other changes may be made if deemed necessary to streamline vehicle circulation.
