## For Your Reference: Up-to-Date List of LANJ Affiliate Members

In 2016 the Limousine Association of New Jersey introduced "affiliate" as a new category of membership.

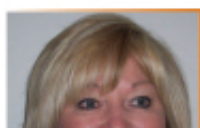

The purpose was to offer a business development opportunity that could forge and/or strengthen relationships between companies that have their primary place of business outside the State of New Jersey and companies that are New Jersey-based operator members.

Since then, 21 companies -- ranging from as near as New York and Pennsylvania and as far as France and the U.K. -- have taken advantage of this opportunity and joined LANJ as affiliate members. They are listed with contact information here for your reference:
