Re: A-3696 (Singleton/Lagana/Wisniewski/Huttle/Moriarty/Sarlo/Buco) - Eliminates sales and use tax on certain transportation services provided by a limousine operator.

Dear Governor Christie,

I am the owner/operator of \_\_\_\_\_. (Insert information about your company, i.e. size, location, number of employees, etc.).

I respectfully request that you sign A-3696 into law. This legislation eliminates sales and use tax on transportation services originating in New Jersey provided by a limousine operator. A-3696 passed both Houses unanimously on Monday, December 19, 2016.

The sales and use tax makes NJ limousine operators less competitive with our counterparts in surrounding states who are not subject to the tax. In addition, NJ sales and use tax is not imposed on taxis, TNC rides, funeral services, or buses.

Removing sales tax on chauffeured transportation service will help level the playing field in our state's passenger ground transportation industry and will allow my company to better compete in the transportation marketplace.

Thank you for the opportunity to express my views.

Sincerely,

(Insert your name, company and address)

### **LANJ Received Almost \$8,000 in Dues Rebates from NLA in 2016**

The Limousine Association of New Jersey has received \$7,918.50 in dues rebates from the National Limousine Association (NLA) this year.

For operators that are members of both the national organization and their state/regional association, the NLA returns 20% of the operators' membership dues to the local association.

These rebates are paid every year to eligible state/regional chauffeured transportation associations (those that also are association members of the National Limousine Association).

The funds received make a significant contribution to the Limousine Association of New Jersey annually. Many thanks, NLA!
